Dear ones at home, I
received your letter and was
glad to hear from you.
I certainly am in a bit of
fix. I can't get a permit
to camp on the jobs I'm
working on, that is they
act as if they don't want
us to, the Baldersons want
us to go to tent city.
Mr Francis has rented his
garage and I have got to
get out, and no where to
go wish I was home

2) Have been out looking for
a place all day, can't find
any only on the place just
out side of colony will cost
2⁵⁰ a month for camping
ground, and half to carry
water about as far as up
to P.O. there at home
I have not heard from the
tent I spoke of, so don't know
what to say

I can get a stove up here as cheap
as there so ~~go~~ don't get one

I guess you will have to bring
more bed clothes if you come
can't get a tent in Tent City
only some with house keeping
fixtures which is \$4⁰⁰ a week
can rent a tent from Pasa Bobles
for 1⁵⁰ a month

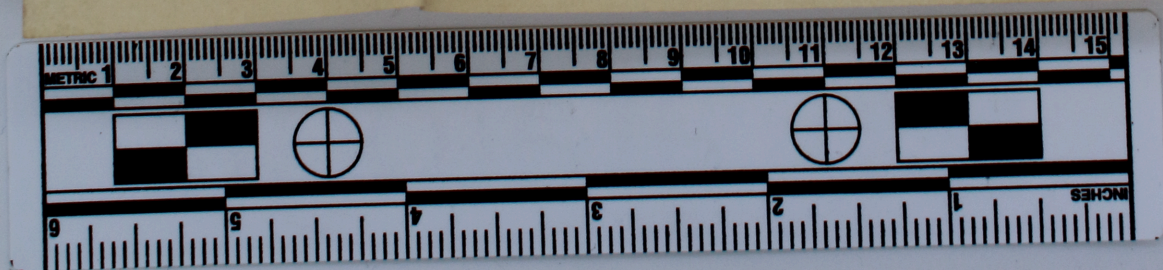

3) Well I have just been talking
to Mr Francis again, and he said
his party that was going to take
his garage has gone back on him
and will rent it to us for 10⁰⁰
a month so don't bring anything
except some bed clothes will
get the rest here

I feel pretty sure we will go
back to Ecuador in a few weeks
any way will never be able
to get a home here

It is so cold that we had to
have a fire in stove

When do you expect to get up here
let me know a couple of days
before you start so I can have
things ready

Perhaps it would be best to get
a tent a small one 10 X 12 or
12 X 14

4) Have you found out what it
will cost to get up here
you will half to get full
fare for Helen and half fare
for Alice I think you had
better get a round trip to
Pas Robles but get of her tell
conductor you want ab of
atopadac get the moving time
and get on left side of
car so you can see the ocean
part way up here

Be sure and let me know
when you start

all for this time

love to all

from Baddy
